

LUBRICANTS™

POWER TO PERFORM™

HYCOM C 100, 150, 220, 320, 460 COMPRESSOR OILS

SPECIAL FEATURES

These are compressor oils formulated with selected base stocks and a special compounding agent to give excellent resistance to washing effect of water. These are further fortified with anti-rust and anti-corrosion agent and have good fluidity at low temperature.

HYCOM C grades meet DIN 51506.

APPLICATION AREA

HYCOM C grades are recommended for cylinder lubrication of single and multistage air compressors with moist air and provide excellent lubrication of piston rings, valves, cylinder liners etc. HYCOM C 460 has low sulphur content for applications in ammonia synthesis compressors in fertiliser plants.
